

CANO Board Member Recruitment Policy

All board members will be responsible for the overall supervision of academic, financial, legal, and operational affairs of CANO, as well as the evaluation of the Chief Executive Officer, who will report directly to and be hired and evaluated by the board. CANO will be governed by a seven member Board of Directors. Each member is selected based upon mission alignment, deep commitment to the New Orleans community, and a professional skill set that contributes to the successful founding and governance of a charter school network. CANO values focus on community and representation. Therefore, CANO is recruiting a CANO family member - a parent or an alumni - to join the board, in addition to its current alumni member. Interested parties should email communications@communityacademies.org.
